

Winchester Aquaculture Demonstration Center Workshop

On June 20th Drs. Mims, Cuevas and Saidu host a second workshop at the Winchester Aquaculture Demonstration Center. A group of 12 engineers from Kentucky Society of Professional Engineers Capital and Bluegrass Chapters attend this workshop for continuing education training. Three of the engineers were KSU alumni. Dean Dr. Tsegaye and Dr. Silitonga opened the workshop by describing KSU CAFSSS research, extension and education programs. During the workshop Drs. Mims, Cuevas and Saidu explained the reuse and reclaimed technologies for aquaculture production.
